

EXEMPT MODIFICATION

Date:	February 22, 2023
IRB:	MOD21050111-007
PI:	Amery Treble-Barna
Title:	Development and Initial Validation of a Caregiver- Report Measure of Rehabilitation Utilization
Funding:	Name: National Institutes of Health

The Institutional Review Board reviewed the above referenced modification and determined the study continues to meet the regulatory requirements for exempt research under 45 CFR 46.104(d).

Determination Documentation

Determination Date:	2/22/2023
Exempt Category:	(2)(iii) Tests, surveys, interviews, or observation (identifiable); and for which limited IRB review was conducted via expedited review

If you have any questions, please contact the University of Pittsburgh IRB Coordinator, [Larry Ivanco](#).

NOTE: Modifications are only required if they will affect the exempt determination. It is important to **close your study when finished** by submitting a Continuing Review.

Please take a moment to complete our [Satisfaction Survey](#) as we appreciate your feedback.
